### **Applying to be a NAMHSA Member Show**

If approved, 1<sup>st</sup> and 2<sup>nd</sup> place equids will receive NAN cards, which qualify them to show in the 2020 to 2023 North American Nationals show or allow participation in the NAMHSA Merit Awards program.

See [www.namhsa.org](http://www.namhsa.org) for more information!

Note: Only 1<sup>st</sup> and 2<sup>nd</sup> placings in qualifying classes and jackpot classes are eligible to receive NAN cards, per NAMHSA.

### **Show Rings**

**-All show rings start at 8:30 am.** The class list is in columns, with each column representing a show ring. The classes run in numerical order for each ring. 5 different divisions will be running at the same time, so please plan accordingly.

**-Please listen carefully to the judges' directions of where they want each class loaded onto the show ring table, as a judge may load more than one class per ring or there may be a separate ring being loaded while another is being judged.**

**Class Limits:** 2 horses per class in all breed halter divisions (does not include Jackpot classes).

-\*\*If entrants would like to enter more than 2 models per class, it costs \$1 per horse over the 2-horse limit ("over limit fee"). Limit of 2 horses being entered via the over limit fee. (Maximum of 4 horses per class per entrant- 2 initial entries and 2 over limit entries at \$1 each) This over limit fee will be placed into a container on the show ring where your horse is being shown.

-JACKPOT CLASSES have unlimited entry per class with an entry fee of \$1 for all horses entered, and the dollar must be placed on the table next to the horse. See the section on Jackpot classes for more information.

-You must bring your own \$1 bills for over limit fees and jackpot classes, as we will not supply \$1 bills.

-Classes may be split or combined at the discretion of the show hostess/judge.

-\*\*Judges may only record 1<sup>st</sup> and 2<sup>nd</sup> place winners and Champions/Reserves, so you must keep your own records on how your horses placed, as only 1<sup>st</sup>/ 2<sup>nd</sup> place and Champion/Reserve Champion will appear on the results.

**Awards:** Cardstock ribbons 1<sup>st</sup> through 6<sup>th</sup> place in Qualifying Classes

Custom Rosettes for Champions and Reserve Champions in Championship Classes

Satin flats for Top 5's/10's in Championship Classes (how many are awarded to be determined by entries in class)

#### \*\*\*\*Donations\*\*\*\*

A silent auction will be held during the show, and donations and sponsorships are gladly accepted. Please contact me to donate: [southjerseyclassic@yahoo.com](mailto:southjerseyclassic@yahoo.com) or bring them to the show. Please put your name on the items when you drop them off at the registration table, so that we know who donated which items.

## How this show will work:

**Championship classes (marked as "Ch" on class list)** – Open to horses who have a current NAN card from 2016-present that was won in Region 9 (card has a "R9" in the top right corner of the side with the show's name on it).

**Qualifying classes** – Open to horses who do not have a current NAN card from 2016-present that was won in Region 9. Horses who have never won a NAN card, have NAN cards older than 2016 but no current card, and horses who only have a current NAN card in a region that is not Region 9 (it was shown in a different region or came from a different owner). This includes newly purchased horses, horses who have never won a NAN card, horses who have won a NAN card a long time ago, etc.

Qualifying classes will happen before Championship classes. The 1<sup>st</sup> and 2<sup>nd</sup> place winners of the Qualifying class will earn NAN cards (if approved) and will move into their Championship class with their NAN cards. Ex: Winners of "Mini Light Breeds" move into "Ch – Mini Light Breeds" (Championship class). Qualifying classes will be awarded 1<sup>st</sup>-6<sup>th</sup> placings.

Championship classes REQUIRE CURRENT NAN CARDS ON THE TABLE AS DOCUMENTATION TO ENTER THEM. You will place their current NAN card on the table with the horse, with the show name facing up (horse's name face down). The NAN card is on the table with the horse as documentation only. We do NOT take the NAN cards. The NAN card may be flipped over when pinning champs and reserves to make sure that it matches the horse's information on its tag. Championship classes will be awarded a Champion, Reserve Champion, and "Top 5/10" placings.

It is helpful to have your NAN cards ready and organized for the championship classes. You can do this by putting them in order by division and in order by classes, and putting them in something like a ziplock bag that is labeled with the division (if you are showing in more than one division).

Original Finish Plastic has classes divided by manufacturer instead of separate divisions for Stone ("PS") and Breyer/Other ("B/O"). The class list is organized by breed type and Stone and Breyer/Other have their own classes within the breed type sections. There are some instances where the brands are combined, like Longears and some Championship classes.

## Proxy Showing

-Proxy showing is permitted. (Proxy showing is when someone who cannot attend the show sends a few horses to another person to show.) The entry fee is \$2.50 per horse, with a maximum of 10 horses. Please fill out a separate entry form with the owner's information (name/address/initials) and fill in the proxy showing entry box. Please list the name of the exhibitor who is handling/showing the horses at the show. No additional exhibitor table space will be given for proxy horses. They must fit on the exhibitor's/handler's own table.

## Abbreviations and Definitions

**AR = Artist Resin:** Original sculptures made on an armature or resin models sculpted by an artist and cast in a small run of models that have been painted by an artist. All Animal Artistry resins will show in this division. Does not include resin models that were painted at a factory in mass production, ex: Breyer Breeds of the World resin horses or Black Horse Ranch resins, (with the exception of Animal Artistry resins), which would be shown in OF China/Resin.

**Ch** = Championship class

**CM = Customized:** Includes mass-produced models that have been repainted, etched, repositioned, haired, etc. (no longer have their original factory finish). Includes custom cold-painted china/porcelain models (not a kiln fired finish).

**CMG = Custom Glaze China:** China/Porcelain/Claybody horses that have been custom glazed and also one-of-a-kind (OOAK) and one-of-a-few factory finished models. Models must have a kiln-fired glaze finish.

**B/O** = Breyer/Other = Breyer and Other manufactures – Hartland, Copperfox, etc. DOES NOT INCLUDE PETER STONE HORSES.

**Mini** = All horses that are smaller than Classic sized Breyer horses, which are 1:12 scale. Mini includes the following sizes: Little Bits/Paddock Pals, Pebbles, Stablemates, Chips, Micro Minis, Curio scale (which seems to be between Little Bit and Stablemate Scale) All mini sized horses in all divisions except China will only show in Mini classes. China minis show together with larger scales (due to number of classes).

**OF** = Original Finish = original factory finish/paint job with no alterations permitted. (except for restoring a damaged model to its original condition)

**OFP = Original Finish Plastic:** Mass produced plastic models that have their original factory finish/paint job. No alterations to the original paint may be made such as additions of white markings, glossing a matte finish model, etc. Touch-ups to rubbed models are acceptable as restoration of the original factory finish. Stone Horses show in classes marked "PS" and all other brands show in classes marked "B/O" (Breyer/Other manufacturer)

**Original Finish (OF) China/Resin:** China/Porcelain/Resin horses that were mass produced and painted at the factory. Examples are: Hagen-Renaker, NorthLight, Lakeshore, Black Horse Ranch, Breyer, Pour Horse Pottery, Beswick, etc. considered Original Finish Resins. Short documentation is helpful for the judge if the resin is a small run and could be questionable to the judge on if it is a resin or a customized plastic.

**PS** = Peter Stone = OF Plastic models manufactured by Stone Horses/Peter Stone Horses

**NSH** = National Show Horse = Saddlebred x Arabian cross

## \*\*\*\* Jackpot Classes:

-List of classes on 2<sup>nd</sup> page of class list.

-All Jackpot Classes to be loaded at the beginning of the lunch break, and to be judged around the end of the lunch break.

-\$1 per horse per class entry fee, to be placed next to the model on the table.

-Jackpot winnings: 50% of each class's entry fees go to the Rowan College Foundation at Gloucester County for Scholarships, and approximately 30% goes to 1<sup>st</sup> place in the class and 20% goes to 2<sup>nd</sup> place in the class!

-Unlimited number of entries per person.

-Only 1 Jackpot Class per horse.

-1<sup>st</sup> and 2<sup>nd</sup> place horses in Jackpot Color Classes will receive yellow "non-breed"/workmanship NAN cards (if approved).

-Models are judged on the realism of the color, shading, condition, prepping/seam removal, etc.

### Halter:

-\*\*Halters/tack are not permitted in regular halter classes unless they are molded on the horse (ex. Breyer Pacer, Old Timer, etc.)\*\*

-If you have a breed that is not well known, it is recommended that you provide breed documentation with your model on the show table in the form of a breed description with a picture on a description card no more than 5.5"x8.5" (half of a "letter" sized piece of paper). It is not necessary to write an entire paper on the breed, as judges will not have time to read it. Please just include a few important breed characteristics and a photo of the breed if possible. No documentation is needed for common breeds.

-No felt squares are to be used to place models on unless they tip over easily and/or must be laid down. In that case they may be laid on felt or other protective material. By laying a model down, you give the judge permission to carefully pick up and inspect the other side of the model. If you do not want the judge to handle your model, please place a note by it and stay relatively close to the show ring so that you can turn the horse over when requested by the judge. If your model is "tippy"/falls over easily, it is best to lay it down so that it won't possibly fall over and damage other models or itself.

-Models will be judged on conformation, color standards and characteristics for the breed, suitable gender characteristics, quality of paint job/prepping, and condition (absence of rubs, flaws, overspray, rough seams, etc.).

### Leg Tags:

-Each model must have a string tags/stationary "price" type of tag attached to a leg for identification purposes. (Tags may be purchased from places like Walmart, Target, K-Mart, etc. in "stationary" department, or places such as Office Max/Staples.)

-The model's name and show initials must be on one side of the tag, which must be face down on the table. The model's breed and gender must be on the other side of the tag, placed face-up on the table. If your full name is written on the tag, please add your initials to the tag as well. **Please write legibly** or print it out on a label. Region 10 tags are acceptable if you have them (you can add your initials on them). Note: Remember that "Warmblood" is not a breed, it is a type (like "Pony" or "Draft")- please pick a Warmblood breed.

-Ages are not required on tags. It is fine if the age or color is already on the tag from a different show, but they will be judged on the breed and gender on the tag.

#### Example:

#### Tag- Front:

Paint

Gelding

#### Tag- Back:

### Food

Please be careful with food and drinks since we are in the gymnasium. Please clean up any spills immediately and let us know if you need help. This is so that the wooden gym floor does not get damaged.

I will let you know what the food situation will be in an emailed pre-show letter, so please make sure that your email address is legible on your entry form! We likely won't have access to the cafeteria food vendor this year like we did at South Jersey Classic last year, but we will have lunch for purchase of some sort. It may be the pizza and salads, but I am looking at other options as well. Food order forms may be handed out in the morning, and you will be asked to fill them out and hand them back in with your payment for the lunch order. The lunch break will be for 30 minutes or more, depending on how quickly we are moving along. You may also bring your own food, although refrigeration is not available. There are likely snack and vending machines outside of the gymnasium. There is also a McDonald's, Wawa, Wendy's, Dunkin' Donuts, and Chick-fil-A about 5 minutes away.

### General Rules

-Please refrain from lingering near the show rings when judging is in progress, and refrain from talking while within earshot of the judges as they are judging. If you have questions concerning your placing, please ask the judge right after the pinning of that class so the information is still fresh in the judge's mind. Judge's decisions are final. All other questions should be asked prior to the start of judging. (ie. "What class do you want Fjords in?")

-All belongings must be kept on or under your table

- Bring any complaints to the show hostess/staff immediately.
- Do not pick up another exhibitor's model without their permission.
- You are responsible for the actions of yourself/children/family members/guests. In the event that another exhibitor's model is damaged, you will be held responsible to pay for damages.
- No refunds. This is a benefit show and checks are made out directly to the Rowan College Foundation at Gloucester County for the scholarship and cannot be refunded.
- No running in the show hall.
- Poor sportsmanship will not be tolerated.
- No Alcohol, Smoking, Bad Language, Pets, or Radios/Music in the show hall.
- Please turn cell phone ringers down or put them on vibrate.

**Directions to Rowan College at Gloucester County, 1400 Tanyard Rd, Sewell NJ 08080 :**

(We try to get signs out on the road near the college to help direct you in!)

When entering the college from the main entrance on Tanyard Rd, make a left onto Roadrunner Way, which is across from the tennis courts and is a gated entrance at the security building. Parking is in lot B on your left and the gymnasium is directly across from lot B. There is an entrance to the building right by lot B, but there was a small lip to the concrete in the past, which may be a problem for some wheeled carts. The other entrance is past lot B- follow the curve to the right and you will see the glass windows and the doors to enter, where you can also unload. (The front of the building faces the cafeteria- you see the back of the building when you drive in)

**Directions to the College: Rowan College at Gloucester County, 1400 Tanyard Rd, Sewell NJ 08080**

Listen to the radio station KYW 1060 AM for traffic conditions in the South Jersey and Philadelphia area. Traffic reports occur every 10 minutes on the 2's (7:02, 7:12, etc.). There are probably a lot of good traffic apps for smart phones, if you have one. I am currently using Google Maps, which is great to check for the best looking route through Philly (traffic-wise).
